

HOPE Ministry's Shopping Cards Return

Good News! The Gift Card Program is about to start up again with new protocols to keep everyone safe and allow us to continue fundraising to support our HOPE Ministries. Our HOPE Ministry gift card program has been active in our parish from 2006 thru the start of 2020, raising much needed funds for The Indian Orchard Survival Center, Bethlehem House, HOPE at Home for emergency needs of our parishioners, Heifer International and Haiti's, Hospital Sacre Coeur.

This is the plan approved by Father John:

Order forms will be available in the Rotunda. (To get you started there is an order form on the reverse side of this sheet.)

Place your filled out order form and check made out to St Cecilia Gift Card Program in the designated box in the rotunda near the entrance. Please include your phone# in case there are questions.

Your order will be placed in an individual envelope and will be available the next weekend following mass.

Orders can be picked up in the social center following mass, where socially distancing protocols will be in place, i.e.. masks, gloves for those distributing the envelopes and 6 feet distancing at pick up.

To ensure everyone's safety, for the current time, only orders placed following this protocol will be filled. **NO** shopping cards can be spontaneously sold at the table during pickup time.

Hopefully, with your help and understanding, we will once again be able to raise funds from the sale of shopping cards, especially during the Christmas Holiday, when our sales are at their peak. Remember that **ALL** our profits go to the charitable work of our HOPE Ministries!
